

# **Stay Safe This Holiday Season**

- ◆ **Set manual timers to turn lights on during evening hours when you are away from home.**
- ◆ **When going on vacation, don't announce your trip on social media such as Facebook.**
- ◆ **Make sure your gifts and valuables inside your home are not visible from the street.**
- ◆ **Break down empty gift boxes and turn them inside out before placing in your trash or recycle bin so criminals cannot see what new items may be inside your home.**
- ◆ **When shopping during evening hours, park in well lit areas and if possible, bring someone with you.**
