

EyeOnWater

Leaks: Set up leak notification so you can be notified via email or text when you might have a leak.

At a Glance:

- A. Weekly percentage increase or decrease.
- B. Weekly comparison and monthly average.
- C. Weekly comparison graph. Use cursor to see usage comparison for each day of the week. Green line shows your 30 day average.

Your Meter: Meter information such as the frequency your meter is read, last meter read and next meter read.

Print/Download: Print the chart you are viewing, download it as an image or download as a PDF.

Export Data: You can export hourly, daily and monthly meter reads. View using Microsoft, Excel or Google Sheets.

Link More Account: Add multiple accounts to your dashboard. You will need your EOW Account # as shown on your bill.

Consumption Graph:

- A. View your water usage by minute, hour, day, week or year.
- B. Go back to today or use arrows to move the date back or forward.
- C. Use the calendar to select a specific day.
- D. View your daily usage or usage compared to the selected timeframe.
- E. See your meter location. Choose to see it on a map view or satellite.

More Options: Select to view consumption with a different unit of measure. (Gallons, Liters, or Cubic feet)

Graph: Hover your cursor over the chart to see the value at that point.
